Notes

Europa Oil & Gas (Holdings) plc has a diversified portfolio of multi-stage hydrocarbon assets that includes production, exploration and development interests, in countries that are politically stable, have transparent licensing processes, and offer attractive terms. The Company currently produces approximately 180 boepd in the UK, generating sufficient revenues to cover corporate overheads. Its highly prospective exploration projects include the Wressle prospect in the UK where a well is due to be drilled later in 2013; a 100% owned deep gas appraisal project with a CPR assigned contingent resource of 277bcf in onshore France; and a joint venture with leading independent Kosmos to explore two licences in offshore Ireland in which Europa has identified two prospects with estimated gross mean un-risked indicative resources of 482 million barrels oil and 1.6 billion barrels oil respectively.
