Notes

Europa Oil & Gas (Holdings) plc has a diversified portfolio of multi-stage hydrocarbon assets that includes production, exploration and development interests, in countries that are politically stable, have transparent licensing processes, and offer attractive terms. In 2018 Europa produced 94 boepd. Its highly prospective exploration projects include the Wressle development in the UK (targeting production start-up in 2019 at 500 bopd gross) and six licences offshore Ireland with the potential to host gross mean un-risked prospective resources of 6.2 billion barrels oil equivalent and 2.5 tcf undiscovered GIIP across all six licences.
